Attention: Allan Jones

Dear Allan:

Please accept my heartfelt thank you for your efforts to assist Tourism Calgary – Calgary Convention & Visitors Bureau to secure our latest tenant, Gruman's Extraordinary Catering.

When we presented this leasing opportunity to Barclay Street Real Estate a restaurant and catering company did not appear to be in our vision. With your help and determination we were then able to see the merits both financial and other of this alternative to proceed to make this a reality.

The restaurant is now scheduled to open next week after 7 months of engineered drawings, permits, construction and several inspections along the way. We hope your busy schedule allows you to return sometime soon and to sample the results!

In any event should another company require the services of a professional involved in commercial real estate – Tourism Calgary would not hesitate to recommend both you and your firm immediately.

All the best in 2012 to you and Barclay Street Real Estate Ltd and we look forward to opportunities to work with you in the future.

Yours very truly,

Aldon Wells
Vice-President Finance & Corporate Affairs
