To whom it may concern,

I met Mr. Nathaniel Sterzik when I was searching for a premise to lease for my new business venture back in January of 2015. He was the realtor contact for a premise in the Eastlake Industrial area of southeast Calgary.

Although Nathaniel was technically the realtor for the leasor, he was super helpful and accommodating to me, my questions, and my needs. He was prompt in replying to all my correspondence, and even when he was ill, he was always cheerful, polite and professional.

I dealt with Nathaniel directly on this matter as I did not have a representing agent myself. The process took the better part of half the year so it was a sizeable amount of time that we interacted. I found the experience to be very positive and Nathaniel to be very dedicated/committed to providing excellent service. I would definitely call on him again for my future real estate needs.

Sincerely,

Evelyn Louie, President,
