To whom it may concern,

Subject: Reference letter

It is with great confidence that I recommend Olga Leonova.

I was involved with Olga on the restoration projects of two commercial establishments in downtown Calgary during the flood of 2013.

Olga has displayed a high degree of integrity, responsibility, and ambition to mitigate losses to both owners and tenants. She is definitely a leader rather than a follower. In addition to her excellent attitude, she has proven her leadership in successfully completing the projects efficiently.

Olga would be an asset to any organization, and I am happy to give her my endorsement.

Sincerely,

Martin Leonard
Quebec Provincial Manager
