ECONOMIC ACTIVITY IN THE AREA

De Havilland Canada announced plans to develop **De Havilland Field**. The development will bring up to 1,500 jobs to the site. Recent development suggests that expected construction to begin in 2024.

Strathmore Solar Project

is located on 320 acres of leased industrial land owned by the Town of Strathmore in Alberta. Construction was completed on schedule with commercial operations beginning in March 2022. Generating an equivalent to the consumption of 10,000 Alberta homes. Investment is expected to exceed \$60 million, with direct and indirect economic stimulus to Strathmore, including the creation of 300 jobs during peak construction and ongoing benefits during 30 years of operation.

Phyto Organix's 100,000 square foot facility will be the first net zero **plant protein processing facility**

in North America and it will generate over \$120 million of annual GDP, employ 80 Albertans and yield tangible economic diversification in the Strathmore and Alberta. The \$225 million facility will be the largest-ever capital investment in Strathmore. When operational, Phyto Organix will use proprietary wet fractionation technology to annually process 40,000 metric tonnes of yellow peas, grown in close proximity to the facility, into soluble and insoluble protein isolates, processed fibre and starch, and high-quality dietary pea hull fibre.

The Canadian division of USG Corporation announced plans to build a new, state-of-the-art **wallboard manufacturing plant** in Wheatland County. The plant will add more than 100 high-value manufacturing jobs to the local economy at the plant long-term.
