Re: Emily Goodman

During the Leasing process of our commercial space, we were met with professionalism and a high level of confidence from the start. Emily backed that with due diligence, hard work and honesty. In a short period of time, we were connected to the right candidate and Emily completed the transaction with ease and promptness. She was always available for questions and concerns and always followed up with a timely response.

Her knowledge of the market and Commercial Leasing process was exemplary. We would not hesitate to call on Emily Goodman and Barclay Street for any future business.

Sincerely,

Brad Horne

President Galactic Consulting Ltd.
