

February 2019,

In late 2018, Kris Hong assisted The City of Calgary in locating and securing new office space in Calgary's Downtown market. We were under time constraints to identify and secure a new office location in the Downtown Core. I was very satisfied with the tenant representation service provided by Kris Hong including but not limited to; timely market information, comprehensive surveys of available lease alternatives, analysis, recommendations, and negotiation services.

We look forward to working with Kris Hong on future real estate transactions, and I would recommend his services to anyone seeking commercial real estate services.

A handwritten signature in black ink, appearing to read "Eric Brenner".

Eric Brenner

Sr. Commercial Leasing Manager
Real Estate & Development Services
The City of Calgary
