TO WHOM IT MAY CONCERN

Mike Brain was retained by us to acquire office space for our new company First Medics International Inc. We gave him a list of requirements including the ability of the space to allow for growth, large offices with lots of light etc. Mike showed great patience in meeting our requirements at a price we could afford.

We are very happy with the lease we now have and delighted with the office space we now work in. Mike was able to negotiate an excellent deal that allowed us to lease more space than we thought we could afford, so we have room for growth but can still afford the costs if growth doesn't happen.

Mike works in a quiet and confident manner and is always a gentleman, and gets the job done. We have no hesitation in recommending Mike as a valued real estate advisor.

Best regards,
